---

## SUMMARY

---

Recent graduate of U.C. San Diego with a B.S. in Political Science, focused in data science and research design. Passionate about solving problems in unique ways and re-framing complicated information into bite sized pieces.

---

## EXPERIENCE

---

### Shift lead and Weekend Manager

Ike's Place

July 2014 - September 2017, San Mateo, California

- Frequently captained team as chef and shift lead, managed inventory, including both keeping stock and ordering, and promoted effective teamwork and time management in a time sensitive business.
- Facilitated conflict resolution and necessary staff adjustments when required.
- Worked directly to lead catering with large clientele, providing both customer care and streamlined production methods.

### Staff Writer and Editor

The Script at Foothill College

September 2017 - June 2018, Los Altos, California

- Wrote various articles for the school newspaper, managed a group of writers, assigned tasks, handled posting to website (foothillscript.com).
- Organized production budget, run meetings, teach other students writers basic principles of journalistic writing.
- Received award for General Journalistic Excellence from Foothill College.

### Records Management Intern

City of San Diego

May 2019 - January 2020, San Diego, California

- Established new records retention protocol for existing documentation, and oversaw content check to determine documents suitable for destruction.
- Developed dynamic Excel workbook to track both location and contents of boxes suited for destruction.
- Assisted in updating Conflict of Interest records for cross-departmental and internal promotions, involving the management of multiple departmental sets of employee records.

### Data Analyst Intern

Marlow

September 2020 - January 2021, Remote; San Francisco

- Organized and Implemented Google Analytics data to optimize marketing and sales campaigns, while tracking results of A-B testing during the rollout of a new website.
- 

## PROJECTS

---

### Research Assistant

U.C. San Diego • January 2020 - June 2020

- Research assistant in the department of political science at UCSD working in information collection and data manipulation, beginning in Fall 2019.
- Collected data on maps in African countries back through time, especially in Nigeria, Kenya, and Somalia.
- Collaborated with teammates and peers to synthesize multiple forms of data into cohesive and understandable material.

### Mayoral Campaign

Mayor of San Diego • August 2020 - November 2020

- Acquired polling information and first hand accounts in order to better understand our campaign's position in the race and what areas to target.
  - Distributed promotional campaign material to the public.
  - Initiated calls to prospective voters to encourage them to vote, support the campaign, and volunteer, and logged responses in VAN.
- 

## EDUCATION

---

### Bachelors of Science in Political Science-Data Science

Minor in Computational Social Sciences • University of California, San Diego • December 2020 • 3.78 - Cum Laude

---
